### FAREWELL

Ferrying and ferrying  
I ferried fairly across  
And wondered  
If farewell merely is  
A tribute at parting  
A good-bye... a leave taking ...  
Or is it a signified  
That suggests the 'forever'?  
For no fare can be without fare  
And no fare 'here'  
Can ever be fair enough...  
But still the question remains  
Why do people ferry at all?  
Why do roads darken and journeys  
end?  
Has it a tint of faith and belief?  
For every separation gives a taste of  
death  
Every reunion a trace of resurrection  
Perhaps to fare-very well  
One should make one's 'life-ferry'  
steady  
And believe in the fairest of fares  
That God confers  
To the 'one'  
Who fares-well 'here and now'.

-Dr. Anupam Nagar (Gehray)  
Principal

### THANKS TO GOD

Always observe around us and  
be thankful for whatever we have in  
this short span of life. When we face  
any problem, we think that God is  
always with us. Don't think how many  
moments are there in life, think how  
much life is there in every moment.  
There are many things in life that will  
catch our eye, but only a few will  
catch our heart. We should thank God  
for keeping us happier than most  
people.

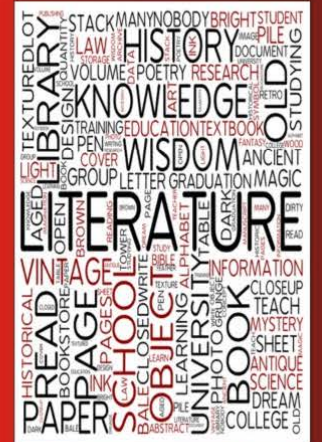

Let us complain less and give  
more to others.

-Dave Chandni  
LEC., B.Com.(Eng. Med.)

### JOY OF NATURE

When we feel the air  
greenery looking very fair,  
We must take care  
not feel bare and bare,  
we should feel and share.  
As feeling very fresh  
air is not less,  
but its full of cool breeze.  
We can feel fragrance of air,  
when rain falls on earth.  
Without air nature is bare,  
without nature life is rare.

-Shilu Khushal  
LEC., Dept. of Eng.

For last year's  
words belong to  
last year's language  
And next year's  
words await  
another voice.  
And to make an  
end is to make a  
beginning.

*T. S. Eliot*

## Faculties' Message

I am very pleased to express my views on Graffiti. The Graffiti means to show your hidden creativity. Creative activity could be described as a type of learning process where

teacher and students are sailing in the same boat. There is no doubt that creativity is the most important human resource for all. Without Creativity there will be no progress and we would be forever repeating the same patterns.

*If you think you can, you can but,  
If you think you can't, you can't.*

if you think you are creative, you will be but if think you can't, you will be never.

So for that The Graffiti is here to explore your creativity, thoughts and imagination power.

-Shilu Khushal

The Graffiti is a creative forum of our college. I am happy that I could become a part of it. This is the stage where students can flourish themselves. It is lucky to get such chance at the student level.

Opportunity knocks at the door only once and here The Graffiti is welcoming you. The Graffiti can be a bridge between what you are and what you can be. So grab a chance and give a way to the budding artist inside you and keep sharing.

The Graffiti is a big canvas, color your thoughts and ideas and make The Graffiti more beautiful with your contribution.

Give it a Response with Arts and Find your Fab Identity Through it In it.

-Rushita Bhatt

### A MOMENT

Even if I may live for  
a few years,  
a few months,  
a few days or  
a few moments  
with fire in my thoughts  
with calmness in my eyes  
with imagination in my pens  
myself in the words.

It'll be enough  
it'll be more,  
than a thousand years lived  
under shadows  
under dependence  
under fear and

under lies.  
A day would be enough  
Don't give me a year  
Life is lived in moments  
Not in this common madness  
of never questioning  
of never evolving.
